July 27, 2020

To Whom it may concern:

The USACE has completed an official survey of the Bar and Entrance Channels of Humboldt Bay dated July 19, 2020. The results are posted on the USACE website. After reviewing the survey, the previous restriction will be eased to 35 feet based on a +6.0 foot tide. The restriction will remain in place until the remainder of the maintenance dredging has been completed which is scheduled to take place in early September.

If you have any questions or concerns please don't hesitate to contact us using the information provided above.

Thank you,

---

Capt. Tim Petrusha, Bar Pilot  
Humboldt Bar Pilots Association
